

Whole Tire Reclaim Rubber

1. Identification of the substance/preparation and manufacturer

Product Trade-name:

Whole Tyre Reclaim

Manufacturer:

FISHFA Rubbers Ltd. Unit-4

Plot No. G-7, G.I.D.C. Lodhika (Metoda), PIN 360021 Dist. Rajkot Gujarat (INDIA)

Telephone No.:

+91 2827 287579

Fax No.:

+91 2827 287578

Emergency Telephone No.:

+91 281 2571004

E-Mail: info@fishfarubbers.com

2. Composition/ Information on ingredients

Polymer content: about 48-58 %

Rest: Carbon Black, Softener. Filler

3. Hazards identification

General description:

The product is not hazardous to health or the environment according to EEC criteria

4. First aid measures

Not consider to be a serious health hazard

5. Firefighting measures

Extinguishing media All of the usual extinguishing media are allowed Unusual fire/ explosion hazards May emit toxic fumes in fire; carbon dioxide, carbon monoxide, Sulphur dioxide.

Special protective equipment: - Wear full protective equipment with self-contained breathing apparatus.

6. Accidental release measures

Accidental release not expected

7. Handling & Storage

Handling: No special precautions necessary

Storage: Storage should be in dry, cool and away from sources of ignition.

The storage accommodation should be cool, below 50 °C

8. Exposure controls/ personal protection

Ventilation: Ventilation or exhaust systems may be required to minimizing exposures.

Respiratory Protection: It any be necessary to minimize exposures to vapors or gases.

Eye Protection: No special measures required.

Protection: Use gloves and avoid contact with skin

Other Protection: It suggested that a source of clean water to be available in work are for flushing eyes and skin. Before eating and at the end of work wash hands with soap and water.

9. Physical and chemical properties

Form: Tacky and soft (Solid Slab)

Color: Black

Odor: Reclaimed rubber

Melting point: NA

Boiling point: NA

Flash point: NA

Auto-ignition temperature: UK

Explosion limits: UK

S.G. @ 20 °C = 1.14

PH- value: NA

Solubility- insoluble in water, partially soluble in acetone

10. Stability/reactivity

No special data on this product.

11. Toxicological information

No data available on this product. However, evidence after many use suggest that it does not required classification under EC law.

12. Ecological information

Eco toxicity:

No hazardous: solid material insoluble in water

Bi logical degradation: degradation resistant

13. Disposal consideration

Product Incineration or landfill: always consult the relevant local authority before disposal Package After cleaning prepares for reuse.

14. Transport Information

Not classified as hazardous according to ADR,RID/IMDG/IMDG/ICAO/ADN.

15. Transport Information

EC Label

Not classified

16. Other Information

Suitable precautionary measures must be taken to ensure that the applicable exposure limits are not in the working area impairment of health is avoided. Required industrial safety measures, including effective ventilation and exhaust ventilation in the working area, must comply with existing legislation.

The data given here is true and correct to the best of our knowledge and experience.

The purpose of this safety data sheet is to describe the products in terms of their safety

requirements. The above details do not imply any guarantee concerning composition, properties or performance.

UK- Unknown

NA- Not Applicable
